

Anchor Heritage is a Non-Governmental Organization (NGO) created to provide free legal assistance to prison inmates and equip them with skills that will position them to be functional members of the society, thus significantly reducing the risk of recidivism upon release from incarceration. Anchor Heritage is working to partner with the government, corporations, institutions and individuals to make prison reform a reality. We are also working to realize certain Sustainable Development Goals (SDGs) by reducing poverty and equipping prison inmates with skills to increase their ability to engage with society upon release.

You can partner with us in 3 major ways-

Finally, you can be ambassadors of AHI by being active on our social media handles and helping to spread the news. Reuse hash tags #setthecaptivesfree, #empoweraninmate, #voicetothevoiceless and other harsh tags. Speak about us everywhere there is an opportunity, like our pages, rebroadcast our posts, and learn about our events and upcoming programs so you can answer remain updated.

Please visit any of our social media pages for more @anchorheritageinitiative on Instagram and Facebook.
